PROFESSIONAL EXPERIENCE

Ted Stoltz Studios

Owner / Operator

June 2015 to Present

Founded creative design studio focusing on motion graphics, graphic design, video production and illustration.

- Managed all aspects of the business from initial launch to continued daily operations, marketing and advertising, client acquisition and product delivery.
- Provided a variety of professional design services with a focus on high quality and fast turnaround, while working within client budgets. Continually exceeds client expectations in a wide range of capabilities and deliverables.
- Oversight of both company and client budgets to develop sustainable plans for growth and to ensure target goals are met on time and within monetary constraints.

Mustard TV

Presentation and Scheduling Manager

October 2012 to May 2015

Operational management of Mustard TV, a local television station reaching 250,000 households in Norfolk, England.

- Integral to the founding and launch of the station from the ground up to fully functional capacity. Expanded viewership to over 20% market share in the first year. Worked with a diverse range of stakeholders across many companies and departments to ensure a successful launch and sustained growth.
- Creative direction of all broadcast media and branding across multiple platforms including television, print, and web. Developed and implemented visual standards and brand guidelines.
- Developed cross-platform media campaigns to promote the Mustard TV brand.
- Oversight of daily presentation schedule for transmission, including technical oversight of all media for broadcast.
- Provided creative direction for Mustard TV's commercial services and produced dozens of commercials, stings, promos and other media for broadcast, satisfying both Mustard TV broadcast quality standards and client requirements.
- Coordinated teams of producers, videographers, and designers to create professional, world-class media across multiple platforms and varying markets.
- Streamlined station processes in production workflow and organization. Worked within challenging budgets while maintaining high standards for broadcast quality media, continually exceeding company and client expectations.
